ISLAMABAD, Nov 21, 2017: President Mamnoon Hussain has said that professional skills of the teachers should also be improved besides increasing the number of students.

The President said this while talking to the Chairman, National Commission for Human Development, Mrs Razina Alam Khan. Federal Minister for Education and Professional Training Engr. Muhammad Baligh-ur-Rehman and other senior officials were also present on the occasion. Chairman, NCHD Mrs Razina Alam Khan also presented the Annual Report (2016) of NCHD to the President.

While appreciating the skill development training programme along-with imparting education under the auspices of the Commission, the President underlined that this will provide employment opportunities to the illiterate by making them skilful. Federal Minister for Education, Engr. Baligh-ur-Rehman apprised the President that thousands of literacy centers across the country have been made operational. The President expressed his good wishes for the success of the Commission's administration and assured them of his all possible support.
