(PR No.145/2018)

ISLAMABAD SEPTEMBER 28, 2018: President Dr Arif Alvi said that all necessary measures should be taken to meet the electricity requirements of Karachi, the commercial hub of Pakistan, in the coming year.

A delegation of K-Electric comprising Chairman, K-Electric Tayyab Tareen, CEO Moonis Alvi and Chief Generation & Transmission Officer Dele Sinkler called on the President at Aiwan-e-Sadr, Islamabad on Friday and briefed the President on the electricity requirements of the city and steps being taken to improve the system as per requirement.

The President stressed that in addition to power generation attention should also be paid to improve the power transmission system, decreasing the line losses and curbing theft of electricity for the provision of uninterrupted supply of electricity to domestic and commercial consumers, as it is one of the priorities of the Government.
